

## Automate Business Metric Reporting with DataCamp Workspace

You can consult the solution by visiting `notebook-solution.ipynb` in the file browser.

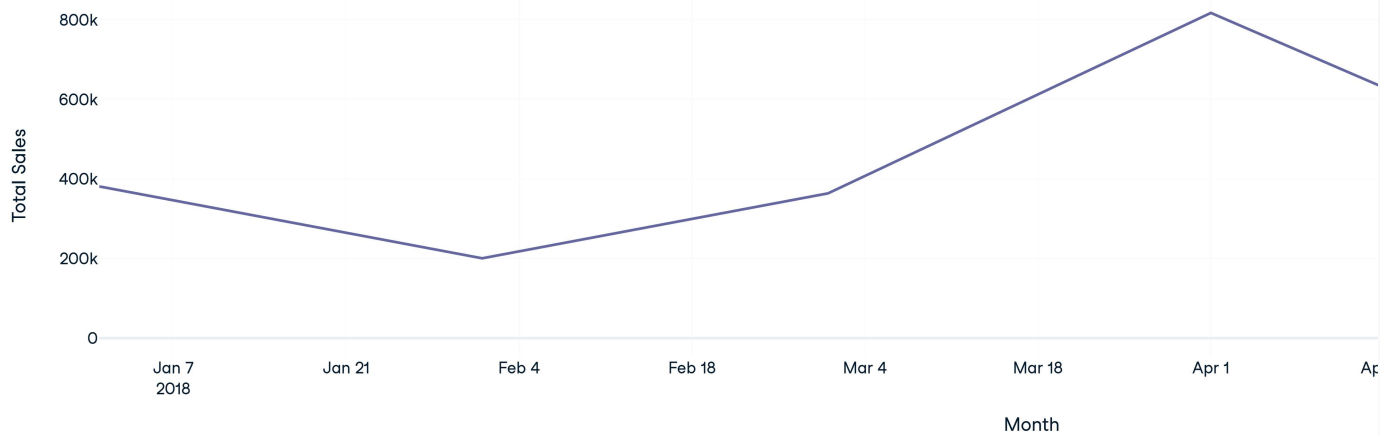

### Top Customer by Product

| index   | ... | ↑↓ | full_name      | ... | ↑↓ | month                   | ... | ↑↓ | product_name                  |
|---------|-----|----|----------------|-----|----|-------------------------|-----|----|-------------------------------|
|         |     | 0  | Pamelia Newman |     |    | 2018-04-01T00:00:00.000 |     |    | Trek Domane SLR 9 Disc - 2018 |
| Rows: 1 |     |    |                |     |    |                         |     |    |                               |

### Total sales by month

| index   | ... | ↑↓ | month                   |
|---------|-----|----|-------------------------|
|         |     | 0  | 2018-01-01T00:00:00.000 |
|         |     | 1  | 2018-02-01T00:00:00.000 |
|         |     | 2  | 2018-03-01T00:00:00.000 |
|         |     | 3  | 2018-04-01T00:00:00.000 |
|         |     | 4  | 2018-06-01T00:00:00.000 |
| Rows: 5 |     |    |                         |

### Total Sales Over Time

### Surface top sellers

| index   | ... | ↑↓ | full_name       | ... | ↑↓ |
|---------|-----|----|-----------------|-----|----|
|         |     | 0  | Venita Daniel   |     |    |
|         |     | 1  | Genna Serrano   |     |    |
|         |     | 2  | Marcelene Boyer |     |    |
| Rows: 3 |     |    |                 |     |    |

### Report metrics to Slack
